STATE OF CONECTICUT. | 30. January 25, 1858.
Personally appeared T. E. Cocarenay, President, and Tenorny Hough, Secretary, of the above Company, and severally made eath that the foregoing statement, by them subscribed, is in their belief true. Before me, GEORGE W. WARNER. Notary Public.

STATE OF TENNESSEE, Comptroller's Office, \ NASHVILLE, February 3, 1868. This is to certify that the Binnestonr Insurance Con-pany, located at Brillesport, in the State of Connecticut, has complied with all the requirements of an act passed by the General Assembly of the State of Tennessee, in rch, 1856, entitled "An Act to regulate the agencies of Insurance Companies not incorporated by the State of Tennessus, " and that Joseph Nish is the legally authorized Agent of said Company in the town of Nashville, State of Tennessee.

J. C. LUTTRELL, Comptroller. The subscriber continues to issue Policies, both Fire and Marine, of the above reliable Company, at equita ble rates. JOSEPH NASH,

The Greatest Invention of the Age. West's Patent Galvanic Cement. FOR ROOFING.

Agout.

dings, with a new and better article than ever offere known. The publicare aware that our Govern years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a permaneat fixture. As yet, nothing has been attained with-out costing more than the people wish. The contracion, expansion and rusting of metal roofs, are so greaigeable climates, that they become useless, unless being repaired at great expense yearly. Shingles are not fire proof, and can not be used on flat roofs, and the various Compositions and Coments that have crack when frosty, and after one or two years become crumbly and worthless; whereas, the inventor of the alvanic Cement, has labored twenty years to combine rticles to obviate those difficulties, and can tently from is long experience, and numerous testimonials from nd best article ever before known. The combination f this Cement is such that it is calculated for entire ew roofs, flat or steep, covering over old shingles without removing them; lining cave-troughs, scaming around battlements, chimneys and sky-lights. Cover-ing car tops, steamer-decks, &c. This Cement, by its om rusting and unseldering, and resists the extremes of wood buildings, making them fire-proof. Its ap | to me shall be promptly and faithfully atterance is like slate; beautiful for the rich palace or The undersigned having secured the right to the State f Tennessee, will sell rights of Territory, by Counties

r Towns, on reasonable terms: The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice; The food is pow being put on in the city, for the benefit of all concerned, and warranted to excel all ther modes of Rooting. The subscriber has had his node of Rooting tested as to its qualities, during the last year and a half in the city of Memphis, which has oved satisfactory, to which a number of the most aninent citizens can testify. For further information enquire at the office, where samples may be seen. Office with A. V. S. Lindsley, Real Estate Broker, No. 35, College Street, Nashville, Tenn.; or; address box 69, Post office. See testimonials of the following gentlemen who have used it, with hosts of others.

W. S. BENNETT, Proprietor. Attached is a note from Jons L. Morgan, Esq., Arch-

tect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose experience with this mode of rooting, without a doubt, in satisfactory to all.

MEMPUS, March 12, 1857.

MR. W. S. BENNETT. — When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the colebrat ed Architect, and author of the Sloan Work on Archiecture. I asked his opinion as to the durability, &c., of West's Patent Roof, such as you are using in the city Memphis, and he told me that he had no hesitation a saying to me that it is a good and durable roof, and call that its advocates claim it to be; farther saying hat he is using it on a fine building for himself. Respectfully, JOHN L. MORGAN, Architect. OFFICE OF MISS. CENTRAL & TENN. R. R. Co.)

This will certify that the M. C. & T. R. R. Co. have purchased of Mr. W. S. Bennett, the right to use on Coment. Having seen it used and tested, I have no esitation in recommending it to be the best and cheapest covering now in use.

H. P. NEELY, President M. C. & T. B. B. Co. ENGINEER'S AND GEVERAL SUP'T'S OFFICE, MEMPIUS AND CHARLESTON RAILBOAD. MESSPHIS, June 26, 1857.

To WHOM IT MAY CONCERN:-This is to certify that the Memphis and Charleston Railroad Company have pur-chased of W. S. Bennett, the right to prepare and use upon their Depeta, Buildings, Cars, &c., &c., West s Salvanie patent fire and water proof Roofing, and that re believe it to be an economical and durable covering , having already had it in use for eight months.

SAM. TATE, President.

F. C. ARMS, Gen'l Supt. Morrors, March 2, 1857.

W.S. Benner, Esq.—Dear Sir.—The facts within our knowledge of the durability, &c., of West's Galvanic ement, are these, The building you covered for us ast Spring, I am happy to state, has answered our exectations. We can, therefore, recommend it to the public for all roofing purposes, as a light, cheap, fire and water proof roof. It does not get soft and run-from the effects of the best of the sun; nor does it harden and crack from the effects of the cold. Any rsons wishing to know more of this article, can call N. S. BEICCE & CO., Carringe Manufactory, Monroe St., Memphis, Tenn

MENTSUS, Tenn., Dec. 8th, 1856.*
To WHOM IT MAY CONCERN:—This is to cartify that W. S. Bennett covered two roofs for me last spring with a composition called West's Patent Galvanic Coment one of them was a new deck, the other an old shingle roof, which are giving perfect satisfaction. He also repaired a domer window, which leaked badly, and had baffied the skill of Carpenters to prevent its leak-ing, which he succeeded in making perfectly tight. do most cheerfully recommend his mode of reating the public, for all routing purposes, and believe it to be a permanent fixture against fire and water.

D. COCKRELL, Preprietor Commercial Hotel. SUPERINTENDENT'S OFFICE, MEMPIUS & OHIO R. R. MEATHDS, TENN, Feb. 19, 1857.

MR. BESNETT:—Dear Sir —Gur company having been troubled very much with leaky cars, put some of your Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who Yours, &c., H. COFFIN, Superintendent.

MERCHES, TENN., Jan. 14, 1857 MEXICUS, TEXX., Jan. 14, 1887.

To the Public:—W. S. Bonnett made application to us last Summer to cover our buildings with West's Galvanic Cement; it being a new thing, we thought we would try it; had it applied to our Blacksmith Shop and Engine House, attached to the Foundry. They have

proved all required of a water proof roof, having with stood some of the greatest storms, and are giving good satisfaction. We can only add, try it and you will be satisfied. CURTIS & KNAPP, from Founders. MEMPIUS, Jan. 14, 1857 Mr. Bonnett has done some small amount of rooting

for me in his peculiar way, with Cotton stuff, coated with a proporation the basis of which appears to be a with a preparation the basis of which appears to be a Coal Tar. It is a very effectual and light roof, and appears to promise considerable durability, from the preservative qualities of the composition, which penetrates the cloth and protects it from the influence of the air and wafer. The Composition does not liquify and run from the effects of the heat of the sun in Summer; nor does it harden and crack from the influence in the cold of Winter.

PATENT Elastic Fire and Water Proof CEMENT ROOFING.

HE undersigned is prepared to introduce into use in Tennessee W. E. CHILDS & CO'S PATENT ASTIC FIRE AND WATER-PROOF CEMENT ROOF ING, and asks the attention of Architects, Builders ailroad Companies, and the public, to examine sority over other Roofing.

Architects and Builders Should not (all to examine this Rooting, as it is bette and cheaper than any thing in use. The materi rms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, clastic, and flexible. It contract and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectly re-sist any ordinary external exposure to fire, as is fully and abundantly proven, and we will warrant it water and abundantly proven, and we will warrant if water proof. We will engage to put our Rooting on over or-dinary good sheatlang, old shingles, tar and gravel, in, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far cheaper than any roof of the old style, and we are sure it will give bet-ter satisfaction. It will also be found to be the best thing ever inented to cover or mend oid leaky tin, tar and gravel-ofs, or around chimneys, scuttles, dormer windows and gutters, where the tin is rusted through. This ement can be put on to last as long as stone, and or in a perfect adhesion to any object to which it is oplied. Tin Roots can be cemented over (and war ranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much bet-ter than paint. This Rooting will be found to be the best thing for covering large Roofs where they are exposed to fire—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Housea,

Steamboat Decks, and in fact every kind of Roof wher there is an external exposure from fire. As the Boo is perfect, without a joint in it, a presents no chance for fire to communicate, and any light substance will burn out wishout igniting.

Ear Insu ance offices at Cucinnati, and other places where Childs & Co's Coment has been used, insure Buildings with Book covered with this Cement, at the me rates as for those covered with Iron, Copper of As The Cement will be furnished to those at a disand with directions for using. st office will be promptly attended to. Medical.

TRABUE & LUCUS.

Roca's Remedy for Pulmonary and Tubercular Consumption. HAVING been appointed sole Agent for the sale of Don Genosimo Roca's celebrated Cure for Con-SUMPTION, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretofore been considered an incurable I have the more readily undertaken the agency from the fact of its extreme simplicity—being an out-ward application, the action of which is seemingly mi-raculous, and its having none of those attributes which sake up the numerous compounds now in general

With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as a shown by numerous letters and certificates, is now offered to the public. A pamphlet, containing directions, letters from distinguished in-lividuals, and documentary evidences from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy. These speak volumes in its praise, and publicity a only required to render it as popular as it is benefit JAMES REES, Sole Agent for the United States No. 341 Market street, Philadelphia.

Persons of Consumptive Habits, READ THIS!

TO THE GÆFENBERG COMPANY: For the first time in my life I am induced to certify to the truly wonderful effects of a popular medicine, but in sending you the certificate I feel that I am only discharging a duty that I owe to the Græfenberg Company, and more especially to suffering humanity.

About the first of June last, I had a negro man taken with a cough attended with restlessness, spitting of blood, and other dangerous symptoms of consumption. I immediately called in a truly skillful and scientific physician, who told me it was a case of consumption He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in lung diseases. He examined him, and also decided it to be a hopeless case of consumption, and said it was useless to spend money is trying to

cure him.

I had previously promised the Græfenberg Agents here, (Messrs. Wells & Lowell,) that when the doctors gave him up I would try the Græfenberg Consumptive's Balm. I did so and to my agreeable surprise, the man began to improve after taking only five or six desses. He took only two bottles of the Balm and three bottles of the Græfenberg Sarsaparilia Compound, which cost me the small sum of nine dollars, and to day I consider him entirely corred. day I consider him entirely cured. He is worth \$1,200 and he is doing me good service on the plantation. consider him perfectly sound and well as he is fa hearty, and strong, without a vestige or sign I have used the Græfenberg Consumptive's Baim in

severe cases of consumption, in my practice, with the happiest effect. I wish all would use it.

S. MFDARIS, M. D.,
Totton's Wells, Tenn.
The Græfenberg Consumptive's Halm will effectually care Consumption and all complaints of the lungs. In cases of Cold on the Lungs and Chest, Laurous com-bined with Difficult Breathing, Pains in the Chest, and Bronchitis, the Græfenberg Consumptive's Balm will effect a complete cure and prevent the disease from becoming a confirmed Consumption. In all cases, de-lays are dangerous. They are as an hundred fold to all diseases having a tendency to Consumption. We cornestly advise all to procure the Consumptive's Balm All The price of the Consumptive's Balm is \$3 per ottie. ALEX. Mack ENZIE, Nashville, Agent for the Griefenberg Company, for Tenness

nary organs, it is also the pieasant and salest remedy that can be employed for infants and young persons.

Parents should have it in store against Parents should have it in store against the Alabama, and Georgia. The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla,

Dosenses advantages not enjoyed by any other med-I icine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum tone sought for in the med-ical world. It needs no confinement or change of diet. In its approved form, that of paste, it is entirely taste-In its approved form, that of paste, it is entirely taste-less, and causes no unpirasant sensation to the patient. It has acquired the atmost fame in almost every part of furope; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. and thus afford those who rely on it the best agent which our skill can furnish for their cure.

AYER'S CATHARTIC PILLS.

Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man.
Innumerable proofs are shown that
these Prize have virtues which sur-

these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organe, purify the blood, and expel the disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous dis-

every body but also formidable and dangerous discusses that has builted the best human skill. While

eases that has builled the best human skill. While they produce powerful effects, they are at the same time, in diminished dones, the safest and best physic that can be employed for children. Being regarcoated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untrath. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afficted, suffering fellowners.
